

Milwaukee Co. Transportation Committee Meeting

The Milwaukee County Transportation Committee will meet to discuss a proposal to change the governance of the Milwaukee County Transit System to include residents and workers on the MCTS Board.

Amani United and the Amani neighborhood have helped lead the effort to give the community a role in deciding the future of bus service in Milwaukee. Amani United and ATU Local 998 transit workers have joined together to fight for stopping cuts in bus service and improving the bus system.

Join us on Wednesday July 10th for the meeting at the Airport. *The future of the transit service may depend on it.*

ATU Local 998
